

Imperial Valley CTE Regional Advisory Committee 2016-2017

Ricochet Event Center
450 W. Aten Road • Imperial, CA 92251

January 26, 2017

Imperial Valley Regional Occupational Program (IVROP) is hosting the first ever CTE Regional Advisory Committee Meeting in the Imperial County. Perkins funding requires each district to appoint a career technical education advisory committee (CTEAC) and hold a meeting at least once per year. In an effort to support all of the districts, and make better use of resources, time, and efforts, IVROP is hosting this regional meeting to address this requirement. The meeting will also feature industry specific breakout meetings.

CTE Regional Advisory Agenda

For any questions, please contact Juan Campos at (760) 482-2625 or your District CTE representative.

IVROP supports the college and career readiness of students through Career and Technical Education (CTE) services in all of the high schools throughout the Imperial County. CTE programs help students prepare for career pathways that may lead to specific industry certification. Students also have the option to pursue additional technical skills, or continue with college in their chosen field. Some CTE programs provide college and university credits. All CTE courses provide students with the soft skills they need, such as application and resume development, and interview skills to secure employment. Please visit our website (<http://www.ivrop.org/>) and like our Facebook page.
